23rd May 2019**

*Vote to make
Brexit Happen*

VOTE UKIP • *Vote To Make Brexit Happen*

Brexit is being betrayed

The Referendum decision of 23rd June 2016 and the 17.4 million people who voted Leave have been betrayed by the political class in Westminster.

What UKIP stands for:

- **No second Referendum.** The democratic decision of the 2016 Referendum must be honoured and implemented.
- **Leave the EU under the policy of unilateral and unconditional withdrawal.** The UK must take control of the process and tell the EU how we are leaving - not ask the EU how it can be done.
- **UKIP MEPs** will take up their seats to campaign to bring about Britain's exit from the European Union as quickly as possible.
- **UKIP MEPs** will vote against all EU legislation on the basis that the EU has no legitimate right to legislate over the British people. They will only vote for of amendments to legislation where powers are returned to the nation state.
- **Keeping HM Armed Forces** out of the planned EU Defence Union.

How Britain must leave the European Union

Theresa May's **Withdrawal Agreement** and **Political Declaration** are a complete surrender. This means leaving the EU in name only – with the way wide open to going back in later.

A patriotic Government and Parliament determined to implement the result of the Referendum would do the following:

- **Reject Article 50** – it is a trap designed to prevent a country leaving the EU, not a means of making it happen.
- **Repeal the European Communities Act (1972)** – leave the European Union under our law not the EU's law.
- **Offer the EU continued tariff-free trade, or WTO terms** – the EU's choice.
- **Offer reciprocal citizens' rights** – for EU and UK citizens.
- **Repeal or amend EU derived legislation** in accordance with our priorities and timescales.

Stop asking the European Union how we can leave and start telling them how we will leave.
